JUNE • JULY • AUGUST 2020

In 2019 visas between Russia and UAE and some other Arabic countries were cancelled. According to the results of the summer season 2019 the growth of tourists from countries such as the UAE, OMAN, Kuwait, Bahrain, Saudi Arabia and Qatar staying in 5* hotels in Moscow, amounted to 300%.

Hospitality business experts predict multiple growth of the tourist flow of guests from the Arabic countries in 2020.

According to experts, tourists from Arabic countries visiting Russia prefer adventure tourism, services and goods mostly in luxury segment. As a rule, guests from the East make higher demands to services and accommodation, choosing 5* hotels, expensive restaurants and boutiques.

To assist our guest from Arabic countries we publish the Moscow Visitors Guide in Arabic and English.
